Dear Consœurs and Confrères,**

It is with great pleasure that I extend you an invitation to the 33rd Grand Chapitre and induction ceremony of the National Bailliage de Turquie, scheduled to take place from Thursday, September 12th, until Sunday, September 15th, 2024, in Istanbul.

This Grand Chapitre holds special significance as it marks the 30th anniversary of the national Bailliage de Turquie. Istanbul, the largest city in Türkiye, is not only notable for its physical size and population but also for its unique geographic location spanning two continents, Asia and Europe, separated by the Bosphorus strait. Home to 16 million people, Istanbul boasts a rich cultural tapestry.

The city offers a splendid opportunity to explore numerous cultural sites situated within a relatively compact area, and to savor its diverse cuisine ranging from international haute cuisine to local delicacies and kebabs.

Enclosed you will find the agenda for our Grand Chapitre, along with information regarding hotel accommodations and pricing. For the convenience of our international guests, we have included practical details.

Please be advised that all event and hotel accommodation reservations must be finalized as soon as possible, no later than August 17th, 2024. Participation will be confirmed on a first-come, first-served basis.

BAILLIAGE NATIONAL DE TURQUIE

Dear Friends and esteemed colleagues, members of the Chaîne Des Rôtisseurs,

I extend to you a warm welcome to the Bailliage de Turquie 2024 Grand Chapitre, to be held in Istanbul from September 12th to 15th, 2024. This occasion also commemorates the 30th anniversary of the Turkish National Bailliage.

It is my privilege to represent our global president, Yam Atallah, who sends his personal regards and best wishes to each of you. Additionally, I am honored to serve as the official inducting officer for this significant 30th Anniversary Grand Chapitre. I express my gratitude to my esteemed colleague, Yves Léon, Bailli Délégué of Türkiye, and the other members of the national board for entrusting me with this important responsibility. Personally, this event holds special significance for me, as I am one of the 28 founding members, both professional and non-professional, who established the Chaîne des Rôtisseurs in Türkiye in June 1994. Today, I remain the sole active founding member.

I am delighted to join you in celebrating the 30th anniversary of your bailliage and eagerly anticipate reconnecting with old friends and forging new friendships.

As many of you are aware, the Turkish National Bailliage stands as one of the most vibrant baillages globally, ranking as the 7th largest among 80 countries within the Chaîne des Rôtisseurs and holding the distinction of being the largest OMGD Bailliage in the world.

I extend my best wishes to Yves and his fellow board members for continued success in the future and eagerly anticipate our gathering in Istanbul.

Vive la Chaîne et Vive L'Ordre Mondial!

BRIEF INFO ABOUT THE PLACES TO BE VISITED:

Hagia Sophia (Ayasofya)

While the Hagia Sophia is probably not the oldest intact building in the world, it certainly comes close. Today, the (current) Hagia Sophia is almost 1500 years old, and has survived hundreds of earthquakes throughout history. Its age, size, magnificence, architecture and mystical atmosphere make it truly a unique place in the world.

Throughout Byzantine and Ottoman history, the Hagia Sophia has been the Imperial Church or Mosque. Emperors were crowned, victories were celebrated and Ottoman Sultans prayed in this remarkable building. For many centuries the Hagia Sophia was possibly the largest shrine in the world.

Blue Mosque

The original name of this building is the Sultan Ahmed Mosque. However, visitors fascinated with the beautiful turquoise blue tiles always remember it as the Blue Mosque. It was built by the 19-year-old Ottoman Sultan, Ahmed I between 1609 and 1616. It can be accepted as one of the two most important mosques in Istanbul.

Cistern of Philoxenos (Binbirdirek)

The famous Binbirdirek Cistern is simply an ancient water reservoir. It was the second largest of almost 400-500 Byzantine period cisterns that lie beneath the city of Istanbul, formerly known as Constantinople.

Columns and capitals of earlier pagan temples were recycled in its construction, providing a very decorative appearance; thus it sometimes hosts events and receptions.

The Grand Bazaar

During the Byzantine period the area of the Grand Bazaar was a trade center. After the Turks came to Istanbul, they continued using the same area for commerce and added many commercial buildings. Over the centuries many of those commercial buildings were all connected to each other with narrow streets and the streets were covered off to form the Grand Bazaar.

With more than four thousand shops, it covers an area of more than 30 hectares, and it is accepted to be one of the greatest and oldest bazaars in the world.

Grand Bazaar may be overwhelming for many people, but if you know what you are doing there, it is actually a fascinating experience.

The Spice Bazaar

Also known as the Egyptian Bazaar, it is a historic marketplace in Istanbul, notable for its L-shaped layout and vaulted architecture.

Initially famed for its spice and herb trade, it has evolved to include a wide range of goods such as Turkish delights, dried fruits, textiles, and souvenirs. After undergoing renovations, the bazaar remains a vibrant symbol of Istanbul's rich cultural heritage, attracting both locals and visitors to its array of shops.
